

ANMOL VERMA

Dot Net Developer

PROFILE

A passionate Full Stack .NET Developer at Yoma Technologies Pvt Ltd. I joined the company as a trainee, actively engaging in project development, sharpening my skills, and gaining practical experience. Based on my performance, I was quickly promoted to live projects within three months, where I worked on multiple technologies such as SQL, ASP.NET, Entity Framework (LINQ), MVC Core, APIs, and more and now handling the accountmein V1 project independently. I leveraged my skills to handle projects independently. Now, I am on the lookout for new opportunities where I can continue to leverage my skills and passion for software development to make meaningful contributions to innovative projects.
